

Autumn One in Year 1

English

In Literacy, we will use a range of high-quality texts to inspire our writing.

Children will learn to write different types of sentences and begin to develop their skills as independent writers. We will focus on the foundations of sentence writing, including using capital letters, full stops and finger spaces correctly, while building confidence in expressing their ideas clearly.

Goldilocks and the Three Bears

By Axel Scheffler

The Gingerbread Man

By Lesley Sims

Little Red Riding Hood

By Brothers Grimm

What the Ladybird Heard

By Julia Donaldson

Rapunzel

By Stephanie Stansbie

Pumpkin Soup

By Helen Cooper

The Café at the Edge of the Woods

By Mikey Please

We are reading...

Traditional Tales

Homework

We will practice our reading daily and sign our reading records.

We will practice our phonics

We will complete our weekly Maths reasoning & problem solving. Our Maths homework will be given on Fridays and returned the following Thursday.

Maths

In Mathematics, children will develop their understanding of numbers to 10 through practical and engaging activities. They will learn to count, represent, compare and order numbers, as well as use mathematical language such as more than, less than and equal to. Children will also begin to explore addition and subtraction using part-whole models, number sentences, fact families and number bonds to 10.

Science

Forces and space: Seasonal Changes

In Science, children will learn about the four seasons and how the world around them changes throughout the year. They will explore seasonal weather patterns, changes in daylight hours and how trees change across the seasons. Through practical investigations, children will collect, record and interpret data.

R.E

Is it possible to be kind to everyone all the time?

We will be thinking about the ways we can show kindness to others and how we can continue to be kind even when it feels difficult. We will explore the story of The Good Samaritan.

History

How am I making history?

This term in History, children will learn about the past through their own lives and memories. They will create simple timelines, use photographs as historical sources and explore how life has changed over time. By comparing childhood today with childhood in the past, children will begin to understand how people, events and experiences can be remembered as part of history.

Art

Drawing: Exploring line and shape

We will be exploring line and shape; working and experimenting with different materials through observational and collaborative pieces inspired by artists. We will use these skills to draw self-portraits.

P.E

Mon & Thurs

We will learn to develop fundamental skills of balancing, running, changing direction, jumping, hopping and skipping. We will develop our ball skills by throwing and catching, rolling and dribbling with both hands and feet with increasing control and accuracy.

Forest School

We will develop independence and resilience by learning in all weather conditions, while exploring the natural world.

PSHE

Being Me in my World ... This term's enquiry focus:

- Special & Safe
- My Class
- Rights & Responsibilities
- Rewards & Feeling Proud
- Consequences
- Owning our Learning Charter

Computing

In Computing, children will develop their confidence in using computers by learning the essential skills needed to navigate and interact with technology safely and independently. They will learn how to log in, use a mouse to click, drag and drop, and navigate simple programs. Children will apply these skills to create their own digital artwork, helping them to develop both their creativity and their understanding of technology.

Music

Sing Up Colonel Hathi's March

We will be learning about:

Melody, pulse, beats, pitch and march.

We will use untuned percussion instruments to compose marching music, respond to music through movement and describe the features of a march using musical vocabulary.

We will sing a variety of popular songs in our school music assemblies on Tuesdays and in class each day!
